Department of Biology Policy on Regression and Duplication

1. Taking BIOL:1140 Human Biology after BIOL:1141 Introduction to Animal Biology, or after BIOL:1412 Diversity of Form and Function, is considered regression, and students will then not receive credit for BIOL:1140 toward graduation.

2. Taking BIOL:1141 Introduction to Animal Biology after BIOL:1412 Diversity of Form and Function is considered regression, and students will then not receive credit for BIOL:1141 toward graduation.
