RENTER’S GUIDE
2018-2019
presented by UISG

@uiowastudentgov @uisg /uiowastudentgov
DEAR UI STUDENT -

Thank you for reading the first edition of the University of Iowa Student Government’s Renter’s Guide for 2018-2019. The guide provides you with data on landlords and property management companies in the Iowa City area, which was gathered from a recent survey administered by UISG. We hope the information will help to clarify questions that may arise during your search for off-campus housing and contribute to making well-informed decisions when signing a lease.

The renter’s guide is only one of many UISG initiatives designed to improve your quality of life at the University of Iowa. For more information on your student representatives as well as the work that we do, please visit our website at uisg.uiowa.edu. We welcome your feedback. Please feel free to contact us with questions, concerns, or input on how UISG might be better able to serve you.

Enjoy the renter’s guide! On Iowa, and go Hawks!
**PURPOSE:**

The data presented in the following report is intended to provide helpful information about the previous experiences of UI students living off-campus in the Iowa City area. This was done through an extensive survey of off-campus renters, evaluating the perceived level of service and quality tenants received from their landlords. Survey participants were asked questions relevant to their experience with their landlord or property manager during the last academic year.

**METHODOLOGY:**

The UISG survey was distributed in April 2018 via social media and a mass email to the student body. In addition, UISG sent emails to various organizations to distribute the survey to its members. The survey received a total of 495 responses. A little over 300 individuals lived off-campus and completed the entirety of the survey.

A landlord/property management company had to have at least three responses to be included in the visual comparisons (i.e., bar graphs and scorecard). In addition, select data points were taken out to eliminate bias within the dataset. For example, all data points with a rent above $1400 were taken out of the data in the rent category because worry that it was answered incorrectly. The analysis was completed through the use of both Stata and Excel.

Prior to signing the lease, did your landlord/property manager show you the exact unit you would rent (rather than a model unit)?

When did you sign your lease for the 2017-2018 academic year?

1= Aug. 2016
2= Sept. 2016
4= Nov. 2016
And so on...
How long have you lived in your current unit?

My landlord/property manager clearly described my lease in depth

Did your landlord provide 24 hour notice period before entering property in non-emergency situations?

How many times did you have general maintenance concerns during the last year?

0=never
1=1-4 times
2=5-8 times
3=9-12 times
4=13+ times
On average, how long did it take your landlord/property manager respond to maintenance concerns?

How many times has your landlord entered your apartment for non-emergency reasons (even after giving a 24 hour notice)?
Did your landlord provide recycling?

I would recommend the property management company to a friend
