Intravenous Immune Globulin and Thromboembolic Adverse Events in Patients with Hematologic Malignancy: A Propensity-Matched Cohort Study

Thursday, February 12, 2015
11:30 AM – 12:20 PM
Ellig Classroom (N120 - CPHB)

Eric Ammann, MS
PhD Candidate
Department of Epidemiology
College of Public Health

TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

EDUCATIONAL OBJECTIVES:
At the conclusion of this seminar, the learner will be able to:
1. Identify strengths and limitations of using medical billing data to evaluate drug safety issues.
2. Describe how propensity score matching can be used to adjust for measurable between-group differences in observational studies.

DISCLOSURE STATEMENT: “I do not have any financial interests or other relationships with any manufacturers of products or providers of services I might be discussing in my presentation.”

CME ACCREDITATION: The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CME CREDIT DESIGNATION: The University of Iowa Carver College of Medicine designates this educational activity for a maximum of 1.0 AMA PRA Category 1 Credit.™ Physicians should only claim credit commensurate with the extent of their participation in the activity.
