“Social epidemiology theory and methods: applications to immigrant and rural health disparities”

Thursday, October 11th
11:30 am – 12:20 pm
Ellig Classroom (N120 CPHB)

Nicole Novak, PhD, MSc
Postdoctoral Research Scholar
Prevention Research Center
Department of Community & Behavioral Health
University of Iowa

TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

LEARNING OBJECTIVES:
At the conclusion of this seminar, the learner will be able to:
1. Understand the types of research questions suited to a social epidemiological approach
2. Appreciate the key role of theory in social epidemiology research
3. Learn about analytic methods frequently employed in social epidemiology
4. Discuss the importance of causal inference in social epidemiological studies
5. Discuss potential implications of social epidemiological research for policy and practice

DISCLOSURE STATEMENT: “I do not have any financial interests or other relationships with any manufacturers of products or providers of services I might be discussing in my presentation.”

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The university also affirms its commitment to providing equal opportunities and equal access to university facilities. For additional information on nondiscrimination policies, contact the Director, Office of Equal Opportunity and Diversity, The University of Iowa, 202 Jessup Hall, Iowa City, IA, 52242-1316, 319-335-0705 (voice), 319-335-0697 (TDD), diversity@uiowa.edu.

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact The Department of Epidemiology in advance at 319-384-1540.
