“Evaluation of Educational Programs to Improve Medication Use in Nursing Homes”

Ryan Carnahan, Pharm.D., M.S.
Associate Professor
Department of Epidemiology
University of Iowa

Grant Brown, Ph.D.
Assistant Professor
Department of Biostatistics
University of Iowa

Thursday, October 13th, 2016
11:30 am – 12:20 pm
Ellig Classroom (N120 CPHB)

TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

EDUCATIONAL OBJECTIVES:
At the conclusion of this seminar, the learner will be able to:
1. Discuss issues related to antipsychotic and anticholinergic use in people with dementia
2. Describe a basic mixed model structure for longitudinal analyses evaluating intervention effects over time
3. Interpret findings related to the IA-ADAPT and CMS Partnership to Improve Dementia Care in Nursing Home interventions and outcomes

DISCLOSURE STATEMENT: “We do not have any financial interests or other relationships with any manufacturers of products or providers of services we might be discussing in this presentation.”

CME ACCREDITATION: The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CME CREDIT DESIGNATION: The University of Iowa Carver College of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
