“Geographic variation in adjuvant treatment for elderly patients with resected non-small cell lung cancer: The role of patient and area-level characteristics”

Thursday, October 27th, 2016
11:30 am – 12:20 pm
Ellig Classroom (N120 CPHB)

Mary Schroeder, Ph.D.
Assistant Professor
Department of Pharmacy Practice and Science
Division of Health Services Research
University of Iowa

TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

EDUCATIONAL OBJECTIVES:
At the conclusion of this seminar, the learner will be able to:
1. Describe the typical resected non-small cell lung cancer patient and cite one reason why physicians may be reluctant to offer adjuvant therapy to these patients.
2. Describe why area-level treatment rates may need to be adjusted by patient and area-level characteristics.
3. Describe the effect of the diffusion of positive and negative information on geographic variation in adjuvant treatment rates for non-small cell lung cancer patients in this population and over this time period.

DISCLOSURE STATEMENT: “I do not have any financial interests or other relationships with any manufacturers of products or providers of services I might be discussing in my presentation.”

CME ACCREDITATION: The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CME CREDIT DESIGNATION: The University of Iowa Carver College of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Everyone in a position to control the content of this educational activity will disclose to the CME provider and to attendees all relevant financial relationships with any commercial interest. They will also disclose if any pharmaceuticals or medical procedures and devices discussed are investigational or unapproved for use by the U.S. Food and Drug Administration (FDA).

The University of Iowa prohibits discrimination in employment or in its educational programs and activities on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference. The University affirms its commitment to providing equal opportunities and equal access to University facilities. For additional information on nondiscrimination policies, contact the Coordinator of Title XI and Section 504, and the ADA in the Office of Affirmative Action, 319/335-0705 (voice) or 319/335-0697 (text), 202 Jessup Hall, The University of Iowa, Iowa City, Iowa 52242-1316.

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact The Department of Epidemiology in advance at 319-384-1540.
