

Department of Epidemiology Seminar College of Public Health

“Cystic-fibrosis carriers are at increased risk for a broad range of cystic fibrosis-related health conditions: a population-based matched-cohort study”

Thursday, November 8th
11:30 am – 12:20 pm
Ellig Classroom (N120 CPHB)

Aaron Miller, PhD
Assistant Professor
Department of Epidemiology, College of Public
Health
Faculty Member of the Iowa Informatics
Initiative (UI3)

TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

LEARNING OBJECTIVES:

At the conclusion of this seminar, the learner will be able to:

1. Investigate the similarity in health risks between subjects with cystic fibrosis and cystic fibrosis carriers
2. Explore how administrative claims data may be used to help guide investigations of genetic risk factors
3. Describe the inherent limitations/biases associated with identifying genetic conditions using claims data
4. Highlight ways that simulation and sensitivity analysis may be used to address limitations in observational data

DISCLOSURE STATEMENT: “I do not have any financial interests or other relationships with any manufacturers of products or providers of services I might be discussing in my presentation.”

- The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The university also affirms its commitment to providing equal opportunities and equal access to university facilities. For additional information on nondiscrimination policies, contact the Director, Office of Equal Opportunity and Diversity, The University of Iowa, 202 Jessup Hall, Iowa City, IA, 52242-1316, 319-335-0705 (voice), 319-335-0697 (TDD), diversity@uiowa.edu.
- Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact The Department of Epidemiology in advance at 319-384-1540.
