TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

LEARNING OBJECTIVES:

1. Examine the role of expanded opioid prescribing practices, particularly for chronic pain, in the genesis of the opioid crisis

2. Summarize local research concerning the impact of the opioid crisis on the Veterans Health Administration (VHA)

3. Explore novel approaches to minimizing long-term opioid exposure

DISCLOSURE STATEMENT: “I do not have any financial interests or other relationships with any manufacturers of products or providers of services I might be discussing in my presentation.”
