“Driver histories, charges, and convictions in vulnerable road user crashes”

Thursday, September 20th
11:30 am – 12:20 pm
Ellig Classroom (N120 CPHB)

Cara Hamann, PhD
Associate
Department of Epidemiology
University of Iowa Injury Prevention Research Center

TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

LEARNING OBJECTIVES:
At the conclusion of this seminar, the learner will be able to:
1. Define vulnerable road user populations
2. Describe the burden of injury from vulnerable road user crashes
3. Summarize common driver charge and conviction patterns in vulnerable road user crashes
4. Discuss the role of driver histories in relation to vulnerable road user crashes

DISCLOSURE STATEMENT: “I do not have any financial interests or other relationships with any manufacturers of products or providers of services I might be discussing in my presentation.”
