WORKSHOP

Do cells “know” how big they are?
Physical and chemical constraints on cell size regulation

Presented by:

Alan R. Kay, Ph.D.
Professor
Department of Biology
University of Iowa

Wednesday, December 10, 2014
12:00 p.m. in 5-669 BSB

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact Carrie Stasch in advance at 319-335-7803.
