“Fecal Fingerprints: The Landscape of Enteric Pathogen Contamination in low-income, urban neighborhoods of Kisumu, Kenya”

Thursday, February 2nd, 2017
11:30 am – 12:20 pm
Ellig Classroom (N120 CPHB)

Kelly Baker, PhD
Assistant Professor
Department of Occupation and Environmental Health
The University of Iowa
College of Public Health

TARGET AUDIENCE: This conference will be of particular interest and value to the faculty, staff, and students of the College of Public Health and the Health Science Colleges.

EDUCATIONAL OBJECTIVES:
At the conclusion of this seminar, the learner will be able to:
1. Summarize why disease surveillance for diarrheal and helminth disease transmission is challenging.
2. Describe the benefits and limitations of using simple, low cost detection approaches to identify dominant disease transmission routes.
3. Describe new molecular epidemiology technologies and modeling approaches that can be used to improve knowledge about complex disease transmission systems.

DISCLOSURE STATEMENT: “I do not have any financial interests or other relationships with any manufacturers of products or providers of services I might be discussing in my presentation.”

CME ACCREDITATION: The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CME CREDIT DESIGNATION: The University of Iowa Carver College of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Everyone in a position to control the content of this educational activity will disclose to the CME provider and to attendees all relevant financial relationships with any commercial interest. They will also disclose if any pharmaceuticals or medical procedures and devices discussed are investigational or unapproved for use by the U.S. Food and Drug Administration (FDA).

The University of Iowa prohibits discrimination in employment or in its educational programs and activities on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference. The University affirms its commitment to providing equal opportunities and equal access to University facilities. For additional information on nondiscrimination policies, contact the Coordinator of Title IX and Section 504, and the ADA in the Office of Affirmative Action, 319/335-0705 (voice) or 319/335-0697 (text), 202 Jessup Hall, The University of Iowa, Iowa City, Iowa 52242-1316.

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact The Department of Epidemiology in advance at 319-384-1540.

For further information, contact: The Department of Epidemiology, 319-384-1540, S400 (CPHB)
